

What Is Engineered Siding?

All LP® SmartSide® products are made of engineered wood fibers. It's an innovative breakthrough in building materials technology, offering you the natural look of real wood without many of the problems commonly associated with wood.

To help resist the effects of termites and fungal decay, every piece of LP SmartSide lap siding and exterior trim is treated with SmartGuard®, our advanced zinc borate-based treatment. This helps the exterior of your home maintain its beautiful appearance, even in tough environments.

Primed And Ready To Go.

LP SmartSide products feature a special overlay and pre-primed surface for optimum paintability. Not only does this help your paint last longer, it offers you the versatility of creating the look you want by painting your home the color of your choice.

The LP SmartSide Advantage:

- Offers the natural look of real wood without many of the problems
- SmartGuard treatment resists termites and fungal decay
- Comes pre-primed so your paint lasts longer
- Offers the versatility to paint your home any color

A Smarter Warranty.

All LP SmartSide products are backed by one of the best warranties in the industry. The LP SmartSide 7/30 Year Limited Warranty provides a 7-year, 100% labor and replacement feature and a 30-year fully transferable warranty that covers rot, buckling, termite damage and surface overlay defects for the ultimate peace of mind. See warranty for complete details.

LP® SmartSide® Lap Siding And Exterior Trim

Real Craftsmanship Through Technology.

It's easy to give your home the rich, premium look of natural wood with LP SmartSide lap siding and exterior trim. LP SmartSide products are the perfect complement for many styles of homes. Whether you're building a contemporary home, or just want to freshen your traditional style home, LP SmartSide lap siding is the smart choice.

All LP SmartSide products feature a deeply textured cedar grain pattern for a true wood appearance. You or your builder can sculpt, shape and cut LP SmartSide products to create the style you want, while adding real craftsmanship and curb appeal. And with the option of painting your home any color, you'll get the feel and look you've always wanted.

Choosing The Right Exterior.

The first thing you see when you pull up to your home is the exterior. That's why it's so important to make the right choice. When you build with LP SmartSide lap siding and exterior trim, you get a beautiful, durable exterior that gives your home a true premium appearance.
